

Witness Necklace (Option 2)

Items Needed:

Gray, Red, Blue, Green, White, Yellow & Clear Pony Beads
30 inches of leather cording

1. String beads onto the leather strip in the following order: gray, red, white, blue, green, and yellow. It is important to have the beads in the correct order as their order tells the Gospel message.
2. Center the beads on the leather strip and tie a knot on each end of the group of beads. This will help to hold them in place.
3. Take the clear bead and string one of the leather ends through it. Take the other end of the leather cording and start it into the hole in the bead entering from the opposite direction. You will not be able to push it through, but by holding the two strips of leather together on the one end and pulling on the single strand on the other end, it will pull it through.
4. Tie a knot on each end of the leather cording. The clear bead will allow you to adjust the necklace to any length.
